## IS THE RAILWAY TRACK HIGHWAY?

### INTERESTING POINT RAISED IN LAWSUIT

For Years the Public Has Been  
Freely Walking E. & N.  
Line.

A contention of more than usual interest to people whose business takes them on foot between the city and Victoria West or Esquimalt is raised in the case of Gerald H. Cross vs. the E. & N. Railway Company, which is being heard by Mr. Justice Martin and a special jury to-day. The plaintiff is a highly respected former newspaper man, and at the time of his accident was conducting a dairy farm on the West Saanich road.

Mr. Cross lost a leg on June 8th, 1908, as a result of an accident while walking in from Catharine street to the city, and the legal point is made on his behalf that the company practically invited the use of the track by the public and is, therefore, responsible for death or injury.

Fred Peters, K.C., and W. C. Moresby are looking after the case for the plaintiff, while E. P. Davis, K.C., and J. E. McMullen are over from Vancouver on behalf of the C.P.R.

The following special jury was sworn: H. M. Graham (foreman), L. N. Conyers, J. Cathcart, Wm. Acton, C. M. Cookson, A. B. Oldershaw, G. W. Fuggle and R. C. Janion.

Mr. Peters, in opening the case, described the accident, in regard to which he said that Mr. Cross had showed most extraordinary self-possession in rolling over and securing the necessities for a tourniquet immediately after his leg was cut off.

In regard to the grounds of negligence which would be alleged against the company, Mr. Peters said it would be shown that ever since the E. & N. had begun to use the line the company had always allowed people—practically invited them—to use it as a right-of-way. This was so well known, in fact, that it was hardly necessary to produce evidence of what every jurymen probably knew himself. On one occasion some works were in progress on the line, and for two months the company kept a notice posted up warning people not to use the track while these works were going on. When they were completed the notice was taken down, and the invitation to use the line as a right-of-way was thus practically renewed.

It would further be alleged that whether there was any right to walk on the track or not the engineer could have seen the plaintiff—could not help seeing him—and should have stopped the train before running him down. That the engine was an inferior one, with which the plaintiff had no trouble getting it to stop, and that there was only one man on the engine instead of two, as the law required. The matter of damages would be one for discussion later, and the jury must consider what was adequate compensation for the crippling for life of an able, active and energetic man as one could see by his day.

Mr. Cross told the story of the accident. He had driven in to the house of the owner of the farm he was renting, Mrs. Watson, and with her started to come into the city. They missed a car and took the track, which he had often used before, it being much the shortest way. Mrs. Watson and he were walking along, in conversation, having passed an engine at the turntable and gone on about 200 feet, when he heard a shout to get out of the way. He looked round over his shoulder and at the same instant was struck. He caught at some part of the front of the engine and hung on while he was dragged some distance before he fell. One wheel cut his left leg off below the knee, and the wheel behind it went over the leg above the knee. His right leg he saved by taking hold of it and pulling it away. A piece of string was lying a foot or so away, and this he managed to get, making a tourniquet of it with the aid of a piece of wood. He was carried down to the station, where he asked to have an ambulance called. The engine ran some 40 or 50 feet before it was stopped.

In further reply to Mr. Moresby Mr. Cross said he had been seven weeks in St. Joseph's hospital. He had to give up his dairy farm at Saanich, on which he had some 28 cows and other stock, and was now looking about for some mode of livelihood which his crippled state would allow him to follow.

Mrs. Mary Watson, Catherine street, said she had been living in Victoria West for twenty-two years. It had always been a common practice for people to walk along the track to and from town, and no objection had been made to this practice.

To Mr. McMullen, the witness, said she had seen a notice up at the city end of the trestle, but she had never read it. She had heard it discussed, however, when the railway bridge was first put up, and understood it was a notice that pedestrians passed at their own risk.

Atta sightseers a notice would be posted on the round-house warning people not to use the track that day. Daniel Campbell, former provincial constable at Esquimalt, and now a hotel keeper at Colwood, remembered the building of the E. & N., and the practice of using the track as a highway. While working at his trade in the city he used the track twice a day, in company with scores of others. He was never stopped and never heard of any of the railway officials stopping anyone.

Mr. Peters asked that the court and jury should view the scene, but his lordship saw no reason for it in view of what he called the singularly clear statement of the facts of the case. Subsequently, however, the majority of the jury expressed a desire to go out and Sheriff Richard was instructed to look after them.

And let the sheriff and the counsel for the plaintiff remember that if the jury are brought out on the track it will be at their own risk," said E. P. Davis, whereat every one had to laugh. The case for the defence is in progress this afternoon.

## STORES WRECKED BY DYNAMITE

### PANIC AMONG GIRLS IN TELEPHONE EXCHANGE

Business Section of Chicago is  
Scene of Another  
Outrage.

(Times Leased Wire.)  
Chicago, June 28.—Great damage was done in the business section here last night, two or three persons were seriously injured and a panic was created by the explosion of dynamite.

A number of stores in the block near Clark and Washington, where the explosion occurred, were wrecked. The Central Telephone Exchange was put out of commission, and two restaurants facing on Clark street were blown into the street, food and dishes being scattered over the car tracks. The explosion, which occurred in an alley in the rear of the telephone exchange, was heard for miles, and the damage wrought by the explosion is estimated at \$100,000. The outrage is but one of more than twenty-five of a similar nature that has been perpetrated in the downtown section of Chicago during the past year. What the motive could have been in causing the damage of last night is not known.

Many of the girl operators at work in the telephone exchange fainted, and others ran screaming from the building. Twenty-five thousand telephones were put out of service.

## FORESTRY COMMISSION FOR THE PROVINCE

Matters Affecting Timber Resources Will Be Investigated.

The provincial government has appointed a forestry commission to go into questions affecting timber in the province. Its members are Hon. F. J. Fulton, chief commissioner of lands; A. S. Godeve, M. P., Rossland, and A. C. Flumerfelt, of Victoria. The commission has not yet organized for work but will start on its duties shortly. Among the points to be considered by the commission will be protection of timber from fire but its scope will include all matters relating to the administration of affairs. The findings of the body will, it is expected, form the basis for new legislation to be introduced by the government.

## U. S. SENATE DISPOSES OF TARIFF SCHEDULES

Aldrich Introduces Resolution Providing for Tax on Incomes.

(Times Leased Wire.)  
Washington, D. C., June 28.—The end of the tariff schedules was reached in the senate this afternoon, and adjournment taken until to-morrow, when the corporation tax bill will be considered.

Binding twine was placed upon the free list. Metal strips with which cotton bales are bound, known as knot ties, were placed under duty of \$8 a ton. Duty of 1/2 cent per pound was added to bottle caps. Time detectors were added to the paragraph fixing rates on watch movements. The duty on zinc blocks, pigs and zinc dust was increased to 1 1/2 cents a pound. Senator Aldrich to-day reported from the senate finance committee a joint resolution proposing an amendment to the constitution to permit the levying of a tax on incomes. The resolution will be allowed to lie on the table until the conclusion of the debate on the corporation tax.

## ARRESTS EXPECTED IN MURDER CASE

### MARYLAND POLICE SEARCHING FOR SUSPECTS

Body of Eastman Laid at Rest  
Near Scene of  
Crime.

(Times Leased Wire.)  
St. Michaels, Md., June 28.—With the undertakers and their assistants, several newspaper men and a few morbid persons as witnesses, the remains of "Lame Bob" Eastman, supposed murderer of Edith May Woodill, were buried yesterday at fifty feet from the scene of the crime. No church or church yard of the vicinity would open its doors or gates to the dead man. When the body, in a pine box, was about to be lowered, there fell an awkward pause. Finally one of the undertakers appealed to James Sutton, a merchant of a nearby village, as a church member, to say some word of prayer. Asking all to join him, Sutton repeated the Lord's prayer.

The authorities are strong in the belief that other than Eastman and Mrs. Woodill were in the bungalow at the time of the murder, and it is reported to-day that one or two arrests may soon be made. The theory that Edith May Woodill was lured to Eastman's lonely bungalow and there drugged and detained against her will, has been advanced. A search of the shack yesterday revealed a small bottle that had contained narcotic drugs, and this find strengthens the theory.

Mrs. Eastman, widow of the alleged murderer, who is stopping twelve miles from St. Michaels, and who refused to attend Eastman's funeral, says she will return to the stage to earn a living for herself and child.

## MANY CAFES ARE VIOLATING THE LAW

Proprietors Will Be Prosecuted  
for Selling Liquor to  
Girls.

(Times Leased Wire.)  
Seattle, Wash., June 28.—Under the authority of the Ministerial Federation of Seattle, Rev. A. Norman Ward, pastor of the Methodist Protestant church, as head of an investigation committee of four pastors, has been visiting the uptown grills and cafes, and has collected evidence and secured the names of witnesses and will prosecute all the establishments that have come under his observations. Other places will be visited and the campaign carried into practically every cafe in the city where liquor is sold to girls and young men.

In his sermon on "The Safeguards of Youth" last night, Rev. Ward referred to the sights he said he and the members of the committee witnessed while on their tour of investigation. All members of the committee say they are prepared to testify when called upon. The ministerial federation, of which Mr. Ward is president, represents the affiliated orthodox churches of the city.

Mr. Ward said in his sermon that the committee was actuated by a desire to save shop girls and working girls, many of whom he said the committee saw in the uptown grills in such an advanced state of intoxication that they were carried out by their young escorts, pliable and helpless. The restricted district was only an incidental phase of his discourse.

## ARRESTED ON CHARGE OF MURDERING WOMAN

Robbery Believed to Have Been  
Motive for Crime  
in Oregon.

(Times Leased Wire.)  
Portland, Ore., June 28.—Arrested on a street corner here late yesterday on a warrant accusing him with murder, George Robbins, whose father's house-keeper, Mrs. Emmeline Castro, was killed, late Saturday afternoon in the Robbins home near Hood River, Ore., is to-day a prisoner in the latter town. Constable Granger, of Hood River, and Deputy Sheriff Morse, who traced young Robbins to Portland, returned with him on the last train last night so as to avoid any demonstration at the depot in Hood River. The prisoner refuses to answer questions, preferring to consult a lawyer first. That the murder of Mrs. Castro was premeditated is now the belief of the Hood River county officials. Robbery was the motive.

## FIGHTING WHITE PLAGUE.

New York, June 28.—Figures illustrative of the increased activity and growth of the society for the study and prevention of tuberculosis, were made public to-day. According to the report eight million persons are enrolled in the fight against the dread white plague, an increase of three hundred per cent. in the last four years. A significant fact is that forty-five per cent. of those enrolled are laymen.

## TWELVE KILLED BY HEAT IN CHICAGO

Record During Twenty-four  
Hours—No Relief in  
Sight.

(Times Leased Wire.)  
Chicago, June 28.—Twelve persons died in Chicago as the result of heat in the last 24 hours, according to reports made by the coroner early to-day. The mercury hovered near 90 degrees all day yesterday and to-day is just as bad. The thermometer had reached 98 degrees at 9 o'clock this morning.

## KIPLING SCORES GOVERNMENT IN VERSE

Deplores Democratic Tendency  
of the Asquith  
Ministry.

London, June 28.—Even though Chancellor Lloyd-George is confronted at the breakfast table to-day by a pessimistic poem by Rudyard Kipling, the statesman's supporters do not believe that he will drop his support of a radical financial bill which will soon come up for consideration by the government. Kipling, in a scathing verse, deplores the democratic tendency of the government, and foresees the downfall of England if it is not corrected. Then he undertakes to correct it by a long tirade upon the baseness of the government's supporters and adherents in the Morning Post, a Tory journal of recognized aristocratic leanings.

The final verse of Kipling's peevish pessimism reads: "The saters of other men's bread, the exempted from hardship, the excuses of impotency fled, abdicating their wardship: For the hate they had taught through the state brought the state no defender. And it passed from the roll of the nations in headlong surrender."

## CHARGES AGAINST TREADWELL DISMISSED

Action Taken on Motion of  
Prosecuting Attorney at  
San Francisco.

(Times Leased Wire.)  
San Francisco, Cal., June 28.—Embezzlement charges against James Treadwell, the millionaire who once owned the famous Alaska mines which bear his name, were dismissed to-day on motion of assistant district attorney Hoff Cook, who has been conducting the prosecution. Cook informed Judge Conley that he had just secured additional information which showed Treadwell had been accused of loaning \$50,000 of the institution's funds to himself without security.

## ROTHSCHILD WINS FRENCH CLASSIC RACE

Three Hundred Thousand People  
Witness Running for  
Prix de Paris.

(Times Leased Wire.)  
Paris, June 28.—The Grand Prix de Paris was won yesterday by Baron Maurice Rothschild's colt Verdon, with Barat up. Mme. Cheremetoff's Rebelle was second and Edmond Blanchi's Union third. The value of the stake was \$74,165.

Three hundred thousand persons witnessed the running of the classic over a heavy track in a drenching rain. Many Americans and Englishmen and women were present. Eleven horses faced the starter, among them being W. K. Vanderbilt's Negoci and Oversight, the favorites, and Lord Mickelham's William IV. At the drop of the flag Union broke in front and set a terrific pace. At the head of the stretch Verdon and Rebelle, ten later a rank outsider, moved up and finished in that order with Union third.

## PRESIDENT SEEKS SAFETY IN FLIGHT

General Reyes, Head of the  
Republic of Colombia, Flees  
to England.

(Times Leased Wire.)  
Colon, June 28.—That Gen. Reyes, president of Colombia, fled to England in fear of his life, is reported here to-day, following the arrival of advices from Bogota, the Colombian capital. Reyes recently left the country, travelling incognito. He sailed directly for England. All parties are said to be unanimous in their support of Gen. Gonzalez Valencia, vice-president of the republic, who probably will succeed Reyes. It is thought that the entire governmental machinery will be re-organized when the coming session of the new congress is opened.

## KAISER MAKES ANOTHER BLUNDER

PROMISES TO SUPPORT  
GREEKS IN CRETE

Von Buelow Succeeds in Extricating Ruler From Awkward Position.

(Times Leased Wire.)  
Berlin, June 28.—Diplomats are gossiping over another of the Kaiser's indiscretions from which, however, Prince Buelow succeeded in extricating him without letting the masses of Germany know that anything had gone wrong. It was during His Majesty's recent visit to Corfu that the mishap occurred. The Turco-Greek dispute over the ownership of the island of Crete had not assumed the proportions of a crisis at the time, but it was already causing friction between the two governments, and it was evident that the trouble might be serious when the moment arrived for a settlement.

King George of Greece accordingly sought German support, and the Kaiser, who is the Greek Crown Prince's brother-in-law, promised it. He kept his word, so far as pleading the Greek cause at Vienna and Rome was concerned, but when he got back to Berlin, Chancellor Buelow, horrified, pointed out to him that such a course would hopelessly compromise Germany's vast interests in Turkey. So Wilhelm dropped his Greek campaign as quickly as he could, completely stultifying himself with Kaiser Franz Josef and King Victor, and deeply offending King George.

So far as Germany is concerned, to save the Kaiser's face as far as possible, the matter is being allowed to drift. If matters come to an issue, however, the fatherland, which has little to gain from Greece and a great deal from Turkey, will probably take the latter's side.

## FIGHTING INDICTMENTS AGAINST CALHOUN

Judge Lawlor Will Decide Magistrate's Application on Wednesday.

(Times Leased Wire.)  
San Francisco, Cal., June 28.—Motion to set aside the indictments against Patrick Calhoun was made to-day by Stanley Moore, of the trolley magnate's defense forces. The motion was made on the grounds that the grand jury returned the indictments upon the advice of Francis J. Heney, who at that time was employed as an assistant to Attorney-General Knox. Under these conditions Moore averred that Heney's appointment as assistant district attorney was illegal.

Moore also alleged that Heney received remuneration from a private citizen, Rudolph Spreckles, for services rendered in behalf of the graft prosecution. Judge Lawlor stated his intention of going into the matter in detail, and will give his decision upon the convening of the court on Wednesday.

## THREE INJURED IN FIGHT ON MOUNTAIN

Keeper of House on Pike's Peak  
Taken to Hospital in Dying  
Condition.

(Times Leased Wire.)  
Colorado Springs, Colo., June 28.—Battered and bruised, and suffering from several dangerous scalp wounds received in a midnight death struggle with two University of Chicago students at the summit of Pike's Peak, Howard H. Robinson, government caretaker of the summit houses, lies near death in the St. Francis hospital in this city. The students, John A. Clark and George Shipley, are in jail. Shipley and Clark, who are on a vacation tour, arrived in this city three days ago. Yesterday they walked to the summit, arriving about midnight. Weak and cold after their long climb, the men aroused Robinson and were given food. During negotiations for rooms for the remainder of the night a dispute arose. According to the story told by the students, Robinson drew a short club which he carried, and was the aggressor in the fight that followed.

After a lengthy struggle, during which all three men were injured seriously Robinson fell unconscious to the floor. Clark and Shipley bathed their own wounds, and falling to revive Robinson telephoned to the Cog railroad depot at Manitou, telling of the fight.

Sheriff George Birdsall, accompanied by a physician and several deputies, boarded a special train and made the run to the summit. The wounds of the three men were dressed and the return trip was made. Robinson has not recovered consciousness, and it is impossible to get his version of the affair. Clark and Shipley will be held without the filing of specific charges pending the result of Robinson's injuries.

## WHALEERS RETURN HOME.

Lost From Brig and Given Up for Dead, But Finally Rescued.

New York, June 28.—After having long been given up for dead, six whaleers are safe here to-day, having arrived on the White Star liner Celtic. The boat's crew of five men, in charge of Antoine Pennes, the third mate of the brig Sullivan, on March 10th, off the west coast of Africa, were carried so far by a whale to which they had made fast, that the ship's lookout lost them in the twilight.

With but one day's rations and no water, they drifted six days before they were picked up by the steamer Max Brock, so weakened that they had to be carried on-board. The Brock put them ashore at Tenerife, and they have been the rest of the time making their way home. The men live at New Bedford, Mass.

## WOMAN AVENGES HUSBAND'S DEATH

SHOOT YOUTH, WHO  
MAY DIE FROM WOUNDS

Surrenders to Police and  
Calmly Tells Her  
Story.

(Times Leased Wire.)  
New York, June 28.—Driven to desperation by the thought of her baby starving, Mrs. Louisa Versaglia, a pretty widow 25 years of age, to-day shot and mortally wounded Dominico Versaglia, whom she accused of murdering her husband a year ago. The shooting took place on the street to-day and was witnessed by 1,000 factory employees who were on their way to work. Versaglia, who is a 19-year-old youth, was shot four times by the infuriated woman, who was prevented by a bystander from firing another bullet into her victim's prostrate body.

When the woman encountered Versaglia this morning she drew a revolver from under her apron and flourished it in the face of the youth. Versaglia reached for his hip pocket as though to draw a revolver, but the woman was quicker than he and he fell to the pavement, a bullet through his abdomen. The second bullet penetrated the youth's side, the third his back and the fourth his left hand.

Mrs. Versaglia made no attempt to escape. She surrendered herself to the authorities without resistance and told her story calmly. She said that her husband was the victim of "the black hand" and that he was killed by Versaglia. She was left penniless and her child is now on the verge of starvation. She said she was glad she shot Versaglia and hoped he would die.

Versaglia was removed to a hospital, where efforts are being made to save his life. There is little chance for his recovery and surgeons believe that his death is but a matter of hours.

## NOTORIOUS CRIMINAL APPLIES FOR PAROLE

Has Served Nearly Thirty  
Years in Penitentiary  
for Murder.

(Times Leased Wire.)  
Nevada City, Cal., June 28.—Chas. H. Thorne, one of the most notorious criminals in the early history of California, to-day made application for parole. Thorne was sent to San Quentin nearly 30 years ago after conviction of one of the most celebrated robberies and murders in the history of the state. He was one of three robbers who held up the Eureka stage on September 1, 1875, killing Wm. Cummings, a banker of Mooresfield. Cummings had \$20,000 in gold bullion with him and he fought to keep the robbers from getting away with it. In the melee he was killed. The robbers escaped but were afterward captured in various parts of the country. Thorne was tried and sent to San Quentin for life. He is believed to have been the one who fired the fatal shot. After being in San Quentin a few years he was one of the four men who managed to smuggle in a number of firearms for the purpose of making a jail break. The plan was frustrated at the time but later he did make his escape and worked his way east, where he was re-captured by detectives. It is not likely that Thorne will be paroled.

## BULLFIGHTER GORED TO DEATH IN RING

(Times Leased Wire.)  
Mexico City, June 28.—In a bull fight conducted here yesterday afternoon, Alfredo Sanchez, a popular fighter, was killed. The bull knocked Sanchez down and gored him, one horn penetrating a lung. Another bull fighter in the same performance was badly injured, when a maddened bull jumped a fence in pursuit of him and knocked him down.

## GUNS USED IN PITTSBURG RIOT

DETECTIVE WOUNDED  
DURING THE FIGHT

Strike of Street Railway Employees Has Tied Up System.

(Times Leased Wire.)  
Pittsburg, June 28.—Not a car of the Pittsburg street railway system is running to-day. The various lines apparently are tied up effectively by the striking employees, who to-day reaffirmed their intention to hold out for their demands. Early to-day the strike leaders met the officials of the Pittsburg railway company in conference. The entire morning was spent behind locked doors without appreciable results toward a settlement. Mayor Magee to-day expressed the hope that the strike would be settled amicably.

In response to a request from President J. D. Caller, of the company, Sheriff Gumbert is prepared to act if violence is threatened.

Fourteen strike breakers employed by the Pittsburg company were driven from one of the company's car barns by a mob of armed strikers to-day. In a fusillade of shots that were exchanged County Detective Englert was seriously wounded.

The affair was the first rioting of the strike, and Sheriff Gumbert is distributing forces of armed deputies throughout the city, fearing further demonstrations.

The fleeing strike breakers were pursued by the angry strikers. Three hundred employees of a construction plant nearby left their work and joined in the pursuit.

(Concluded on page 2.)  
BANDITS KILLED.  
Five Shot in Engagement with Cavalry in the Philippines.

Manila, June 28.—Capt. Anderson, in command of one of the detachments of the sixth cavalry that has been conducting operations against Jikiri band of Moro bandits, encountered the band on Patals Island, and in the ensuing engagement five of the bandits were killed, a number wounded and several others captured. Thirty-one of the band have been killed or captured during the past 30 days, but Jikiri himself always manages to elude capture. Detachments of the cavalry, under command of Capt. Rhodes, Bryan and Anderson are still in pursuit of the outlaws, and it is thought they will be captured or exterminated.

SHOT ON STAGE.  
Actor Wounded While Playing a Melodrama in Los Angeles Theatre.

Los Angeles, Cal., June 28.—Physicians at the receiving hospital announced to-day that Jack Vernon, the Grand theatre actor, who was shot during the performance of a melodrama on Saturday night, will recover from his injuries. The presence of a bullet in the supposed blank cartridge remains unexplained. The shot, which struck Vernon in the right hand and ploughed its way to his shoulder, was fired from across the stage, and narrowly missed the heads of several thespians who were on the boards during the scene.

## MARRIAGE RECORD.

Fresno, Cal., June 28.—When Sylvester B. Breeze is married to-morrow to Mrs. Melinda Goodie, of Santa Rosa, he will have established the unique record of one marriage for every eleven years of the seventy-seven he has lived. Breeze's first wife died in 1850. The next five were lost to him by divorces which he secured on the ground of desertion. Mrs. Goodie has been married twice.

## BOYCOTT INAUGURATED BY CHINESE MERCHANTS

Alleged Hardships Imposed by  
Pacific Mail Steamers  
Cause of Action.

(Times Leased Wire.)  
Hongkong, June 28.—The boycott declared against the Pacific Mail Steamship Company by Chinese merchants connected with the American trade went into effect to-day. Hardships alleged to have been imposed upon Chinese passengers was the cause of the boycott, which was decided on by a mass meeting held by 200 local merchants. Charges that the steamship company put off passengers at Kobe on the ground that they had trachoma, despite the fact that they had been regularly passed by the medical examiners here, are being looked into. These passengers' fares were not refunded, and they were compelled to pay their way back here. Numerous incidents of this kind are alleged to have taken place recently, and the merchants are determined to maintain a boycott until conditions are remedied.

RAILWAY DIVIDEND.  
New York, June 28.—The Chesapeake & Ohio railroad to-day declared a quarterly dividend of 1 per cent.

## ENDS HIS LIFE IN HOTEL AT SEATTLE

Real Estate Salesman Sends  
Bullet Through His  
Brain.

Seattle, Wash., June 28.—While seated in a corner of the lobby on the buffet and waiting room floor of the Hotel Butler Saturday afternoon, Victor C. Colby, for six months a real estate salesman, drew a revolver from his pocket and sent a bullet crashing through his brain. About one hundred people were within a short distance of the man when he ended his life.

Following the revolver report there was a scene of wild excitement. Colby was 50 years of age.

Before shooting himself, Colby had carefully prepared four letters. One was written to Rev. M. A. Matthews, another to his wife, a third to two acquaintances whom he had met in his work, and the fourth to parents of growing children in general.

Colby lived at 4123 Forty-second avenue southwest, West Seattle. His wife, Mrs. Mary Colby, and his sister-in-law, Mrs. C. L. Woodmansee, lived there with him in a rented house.

When he left his home Saturday morning, discouraged and broken-hearted because of his inability to make a good living, his wife walked with him to the street-car. As he bade her good-bye he slipped a revolver cartridge into her hand.

"The duplicate of this will end my troubles for me to-day," he said as he hurried away to the car, leaving his wife standing on the corner. While she knew of his despondent mood and that he was "broke," she did not believe that he really intended to kill himself.

The letter to his wife, in part, follows:

"My Dear Mary: My grief was more than I could bear yesterday, but you make me so happy for a little while and I was so grateful, really in ecstasy; but this morning I am as bad as ever, and I cannot stay the fate that guides me. You could have made me try, but you would not. O cruel fate that separates us; but a life is as but the snuff of a candle, and we are soon forgotten, and if you can be happy without me you shall be, and you shall at least know (as I promised you) where I am, so that you will not need to worry over or about my having something to eat. That seems to be your greatest worry."

The letter addressed to the parents of children in general contains the following sentences:

"To Parents: The secret of my failure lies in the fact that my parents did not value education, and I went to school until I was between 10 and 11 years old. Such a start in life makes a man aim too high for his ability and must of necessity fail, because while he seeks for knowledge, yet he does not know how to go on at it to get it, and simply gets a little of everything and is not perfect in anything. This would not apply to making money in a boom, when nothing but bull-headed ventures makes a man rich in a little while."

## THE GOULD CASE.

Little Likelihood of An Appeal From Decision of Justice Dowling.

New York, June 28.—It is not believed that any appeal will be taken, either by Mrs. Howard Gould or her husband from the decision of Justice Dowling granting Mrs. Gould the separation for which she sued and \$35,000 a year alimony.

While it is possible for either Mr. or Mrs. Gould to bring an action for divorce, counsel for Mrs. Gould evidently regards this as improbable, for the present at least, after Justice Dowling's disposition of the charges made by Mr. Gould against his wife.

## LEPROSY IN CUBA.

Hundreds of Natives Suffering From Disease Wander at Large Through Island.

Chicago, June 28.—Hundreds of persons suffering with leprosy are allowed to wander unrestricted through the island of Cuba, according to a statement just issued by Dr. Mathias Duque, secretary of health and charities of the island. The statement was given out in Chicago by L. Vailin, Cuban consul in Chicago. It tells of the phenomenal success of the Cuban government in suppressing the disease of yellow fever, malaria and the like. Similar steps are to be taken at once for the suppression of leprosy and tuberculosis.

## SWEDISH OFFICER IS ASSASSINATED

Murdered in Street of Stockholm During Visit of the Czar.

Stockholm, June 28.—The visit of the Russian Emperor to Stockholm has been marred by the sensational assassination on Saturday night of Major-General Breckman, chief of the Swedish coast artillery.

A man dressed as a workman shot General Breckman, chief of the Swedish Grand hotel, wounding him in the lung. General Breckman died at the hospital, to which he was hurriedly transferred.

The murderer, a Swede, fired two shots into his own body, inflicting a mortal wound.

The Russian imperial yacht Standart, with the imperial family and Foreign Minister Jawolsky aboard, arrived here on Saturday afternoon under the escort of five warships. The Swedish royal yacht, with the King and Queen on board, met the Standart.

A state banquet was given at the palace Saturday night, 250 guests being present. Most cordial toasts were exchanged by King Gustav and the Emperor.

## ALARMING FIRE.

Blaze at Brewery Endangers Lives of Firemen.

Seattle, Wash., June 28.—Despite the efforts of two companies of the Seattle fire department and every available man and bit of fire fighting apparatus in the city of Georgetown, the entire southern part of the Seattle Brewing & Malting Company's large plant was completely destroyed by fire Saturday evening. The loss is estimated by the officers of the company at \$60,000, part of which is covered by insurance.

The flames were discovered in the paint shop by an employee of the coopershop.

The flames rapidly spread from the paint shop to the coopershop department of the plant, where there were stored many thousands of beer barrels and bar and saloon furnishings. After more than two hours work the flames were under control, and finally confined to the coopershop, carpenter shop and bar furnishings department storage rooms.

During the progress of the fire flames appeared at the top of the high electric light and power poles, endangering the lives of not only the firemen, but also of the large crowd of citizens who had gathered. A fireman with a bucket of water in his hand climbed to the top of the poles and extinguished the flames before the poles had weakened enough to let the wires down.

## STEEL WORKERS' WAGES.

Cambridge Springs, Pa., June 28.—The representatives of the Western Steel Workers who have been conferring for three days on a wage schedule to govern the wages of the iron mills' employees this year and next, have reached an agreement. The agreement affects all the mills of the Western Bar Iron Association, together with a number of independent concerns who are not affiliated with that body. The prices agreed upon are practically the same as those that prevailed during the past year. Ten thousand men are affected.

## PROPOSE DAM ACROSS THE NIAGARA RIVER

Majority of Commissioners in Favor of Scheme to Raise Lakes.

Buffalo, N.Y., June 28.—The international waterway commission, which has been investigating the practicability of construction of a dam across the Niagara river to raise the water level of the great lakes has about finished its work, and the report, it is said, will be in the hands of the United States and Canadian governments next month. Although the decision of the commission cannot be made public, it is understood that a majority of both the Canadian and American commissioners are in favor of the project and will recommend the building of the dam.

## TRAMWAY COMPANY AND CITY.

Our correspondent, "A," as well as several other equally estimable contributors, wants to know why the city should grant any concessions to the B. C. Electric Railway Company in exchange for the concession of cheaper rates for light and power. As the Times initiated an agitation which resulted in a reduction of electric lighting rates on a previous occasion, possibly we may, without risk of being charged with inconsistency as an advocate of public ownership of public utilities, point out why the council has taken a justifiable position in endorsing the company's proposition and why, also, the ratepayers would be justified in ratifying it.

In the first place, then, the privileges the B. C. Electric Company enjoys upon the streets of Victoria may be dismissed from consideration altogether as beside the question. The company acquired its rights with the charter under which it is operating. At the time of the acquisition of the charter the privileges it carried were not considered of very great intrinsic value. Very few local capitalists would have cared to invest their money in such a venture. The value of such a franchise depends entirely upon the actual population and the future prospects for increase of population in a city. At the time of the failure of the original street railway company and the appearance in the field of the new, Victoria was certainly not enjoying the advantages nor incurring the risk of the disadvantages of a boom of any kind. The securities acquired, therefore, were not gilt-edged. The company "took a chance," to employ an expression readily understood in these speculative times, and it won. We submit that, under the circumstances, it is hardly fair to reproach the management with abusing the privileges conveyed by its charter. All it has got was freely given by the legislature, and the action of the legislature was endorsed with avidity by the ratepayers.

We ask our correspondents, therefore, not to attempt to confuse the issue by introducing extraneous matters such as comparisons between the treatment the company accords Vancouver and the measure meted out to Victoria. Our sister city claims a population twice as large as the population of Victoria, and every one knows that the value of a street railway franchise increases in mathematical proportion with the growth of population. Fortunately for the city of Vancouver, the charter of her street railway company was not given for so long a term as the charter of the first tramway line in Victoria. The company foresaw that the Vancouver charter was likely to prove very valuable, and it agreed, for a consideration, to the payment of a certain figure annually for the privileges it enjoys upon the streets. And what is true of street car traffic applies to the vending of light, heat and power. The larger the population the more valuable the franchise and the lower the rates at which these conveniences can be supplied.

But in Vancouver there is a factor in the situation which is more favorable to the company and enables it to deal more generously with its custom-

ers than is the case in Victoria. In the sister city the company owns its own source of water supply. Its management has always contended, and produced proof in support of its contention, that it is handicapped here as compared with Vancouver in having to pay a heavy rental for the water it used in generating its electric power. It is upon condition of getting rid of this handicap that it purposes giving the people of Victoria, although fewer in numbers than the people of Vancouver, exactly the same terms as it gives the consumers of the terminal city.

As to the contention that in entering into an agreement with the street railway company we may be committing ourselves to something we may have reason to regret, is there anything substantial in it? Will an examination of the facts not establish our position that the advocates of public ownership of public utilities are merely fighting a phantom?

Suppose we purchase the works of the Esquimalt Water Works Company, will not that transaction in itself exhaust our municipal credit to the extent at least that we shall have no margin left upon which to enter the business of supplying power and light to citizens? If we determine to go to Sooke Lake for water, will not the conditions in that case be even more strongly against extending the scope of municipal enterprise? It appears to us that whatever course we may adopt in respect of an increased supply of water for municipal purposes we shall have upon our hands a programme fully up to the limits of our credit.

It may be quite true, and we believe it is beyond question, that ultimately the railway company will develop the water rights it has acquired at Jordan River. But it is also true that the company is establishing a plant in Victoria which, in combination with its works at Goldstream, might be made to serve all its local purposes for a number of years if no further extensions of any importance were carried out. The point to be considered, therefore, is whether it would be expedient, for the sake of an abstract question of principle, for the ratepayers to deal adversely with the proposals of the company. And, in dealing with the matter, we should also bear in mind the fact that there is nothing in the agreement to prevent the city from acquiring the electric lighting plant and business, should it decide to supply consumers with light and power, by process of arbitration. That is the course which would most certainly be adopted in any event, because it would be the height of economic folly to attempt to duplicate the plant of the company in a city like Victoria.

As we have already said, the proper thing for the ratepayers to do is to endorse the agreement entered into between the city council and the B. C. Electric Railway Company.

## DEVELOPMENT OF OUR MINERAL RESOURCES.

The Department of Mines, Ottawa, has issued a bulletin giving the production of cement in Canada during the calendar year 1908. One of the most gratifying improvements made in the administration of the department by Mr. Templeman during the past year has been the prompt publication of reports respecting the mineral resources of the country and their free distribution. Information respecting the geology of the districts explored and of the mining industry generally, to be of practical value, should be promptly published, and we are aware that a determined effort is being made to give publicity promptly at the end of each year to the results of the work of the officers of the department.

Complete statistics of the production of Portland Cement in Canada during 1908 are given in the bulletin. The total quantity produced was 3,485,961 barrels of 550 pounds net as compared with 2,491,513 barrels in 1907, or an increase of 1,004,448 barrels, or 40.3 per cent.

The production of Portland Cement in 1908 was derived from 23 operating plants, with a total capacity of 27,500 barrels, equivalent to about 2,350,000 barrels per year of 200 days, or 10,000,000 if all plants were run continuously for the whole year. The operating plants were distributed as follows: One in Nova Scotia using blast furnace slag; one in Manitoba making a natural Portland Cement; one in British Columbia, two in Alberta and three in Quebec using limestone and clay; and fifteen in Ontario, of which twelve use marl and three limestone. The total daily capacity of the plants using marl was 10,400 barrels, as compared with 17,100 barrels per day for all other plants. Of the total quantity of cement made in 1908, 1,573,090 barrels were made from marl and 1,922,871 barrels from limestone and slag.

The average price at the works during 1908 as returned by the manufacturers was \$1.39 per barrel. Prices in car lots, ex-package at Toronto and Montreal, according to trade quotations, ranged from \$1.30 in January to as low as \$1.15 in December. In Winnipeg prices ruled during the latter half of the year at about \$2.40.

There is very little cement exported from Canada; only \$34,591 worth being recorded for 1908. The imports which were, previous to 1904, larger than the Canadian production, have been decreasing since 1906 and were in 1908 equivalent to but 12.6 per cent. of the sales of Canadian cement, or 14.5 per cent of the total consumption. A duty

of 12½ cents per 100 pounds, equivalent to 43¼ cents per barrel of 200 pounds net, is levied on imports. The weight of the package is, however, included for purposes of duty.

A few weeks ago a correspondent wrote the Times a letter criticizing the fenders in use upon the cars of the street railway company. Mr. Wellwood contended that experience proved the fenders were hung too high to be of much practical value as safeguards in case of accidents. His letter attracted the attention of the Eclipse Railway Supply Co., of Cleveland, Ohio, which claims, of course, that it manufactures a real fender which is guaranteed to do the work for which it is designed. It had a record of one hundred per cent. when tested with dummies placed upon the track. If that is the case there ought to be more than six thousand in use—and there will be as soon as its merits have been more widely advertised.

Mr. James McNeven, fair wage officer of the Department of Labor, Ottawa, who is at present in the West, has been instructed by Hon. Mackenzie King to proceed to Prince Rupert and investigate the numerous complaints made by the men on railway constructions respecting wages, conditions of labor and hospital accommodation. Mr. McNeven will go north upon his mission in the course of a few days.

The Kaiser has been at his old work of "batting in," and has been the subject of the usual rebuke from his chancellor.

## What Other People Think

## MEETING OF POLICE CHIEFS.

To the Editor:—Will you kindly permit me through your columns to appeal to municipal and police boards generally on behalf of the Chief Constables' Association of Canada, which meets in annual convention in the city hall, Niagara Falls, Ont., on the 28th and 29th of July next.

As every municipality in Canada is interested in the efficient and honest administration of the law, it is hoped that police boards, police committees, and county councils everywhere will make such financial arrangements as will not only secure to their chief or high constable membership in the association, but also insure his attendance at the convention, where he will have the opportunity of meeting the leading police officers of the Dominion and taking part with them in the discussion of matters pertaining to the administration of the criminal law and the general improvement of the police service of Canada.

These meetings are intended to be educational in their character, and as the municipalities will derive the benefit it is reasonable and fair that the municipality rather than the individual officer should bear the expense incident to membership and attendance.

The success of the association is likely to be in proportion to the interest manifested in its work by police governing bodies throughout the Dominion. An earnest appeal is therefore made for their sympathy and co-operation, without which all efforts at best, no matter how wisely directed, can be only partially successful.

WILLIAM STARK, Sec. Treas.

City Hall, Toronto.

## B. C. ELECTRIC AND CITY.

To the Editor:—I judge from statements made in the press that the deal between the city and the B. C. Electric Railway Company is soon to be submitted to a vote of the electors for approval. If this is the case it might be well to have the matter fully discussed in order that we might be in a position to give an intelligent vote upon it. This letter is therefore written largely for the purpose of eliciting a little more light upon the question. It ought to be conceded by everybody that a deal of such far-reaching importance, which may affect the next two or three generations, ought not to be confirmed upon insufficient knowledge or without careful consideration. It seems difficult to understand how our aldermen can be in favor of this deal and in favor of acquiring the property of the Esquimalt Water Company at the same time, as the two propositions seem antagonistic to one another. The British Columbia Electric Company now pays the Esquimalt company, as I am informed, something like \$5,000 a year for power. If the city buys out the Water Company that \$5,000 a year would look good to the taxpayers of this city, but under this deal with the Electric Company the city would lose nearly all of that, except the minimum of some \$7,000 or \$8,000 a year, which the Tram Company is under contract to take for a term of years.

Again, if the city acquires the Goldstream water, or goes to Sooke lake for water, with either of these and the enlarged service to Elk lake we ought to have water to burn, so to speak. Not only could we then supply that \$5,000 worth of power to the Tram Company, but we would have power to light our streets at little or no extra expense, and sell all the power that might be required for industrial purposes, all of which would help out considerably in paying the interest on the cost of these works. Under this deal with the Tram Company the city would lose that \$5,000 a year, or the larger part of it, while it agrees not to sell power for industrial purposes, and under certain conditions not to provide its own power for street lighting purposes.

That kind of a bargain looks like one that is all city and no water for the B. C. Electric Company.

But under this deal we are to have the same rates for lighting as are charged in Vancouver, we are told. And why, pray, have we not been getting the same rates as Vancouver in the past? Under the Vancouver charter the company pays the city a percentage of its receipts, which now amounts to over \$5,000 a year. Under the Victoria charter it pays this city nothing, while it practically owns every street light, wishes to use, and can dig them up, lay one or two tracks on any of them, without so much as saying by your leave to our city authorities, and it now asks the aldermen that it has been "soaking" us for electric light more than is charged in Vancouver.

The B. C. Electric people evidently know a good thing when they see it. They also know when a city is dead easy to work. Perhaps that is why they have approached our aldermen with so obviously one-sided a proposition.

That feature of this agreement which gives the B. C. Electric Company what

## THE BEST REMEDY

For Women—Lydia E. Pinkham's Vegetable Compound

Belleville, Ont.—"I was so weak and worn out from a female weakness that I concluded to try Lydia E. Pinkham's Vegetable Compound. I took several bottles of it, and I gained strength so rapidly that it seemed to make a new woman of me. I can do as good a day's work as I ever did. I sincerely bless the day that I made up my mind to take your medicine for female weakness, and I am exceedingly grateful to you for your kind letters, as I certainly profited by them. I give you permission to publish this any time you wish."  
—Mrs. ALBERT WICKERT, Belleville, Ontario, Canada.

Women everywhere should remember that there is no other remedy known to medicine that will cure female weakness and so successfully carry women through the Change of Life as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—Inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration.

If you want special advice write for it to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

amounts to a monopoly of the right to sell power should be very carefully considered by the people of this city before they vote to approve of the deal. To thoughtlessly vote to incorporate a monopoly affecting generations yet unborn is little short of a crime. No matter how rosy or promising such a scheme may appear at the outset, it is more than possible, as the years go by, its special rights and privileges may be made grievously burdensome. Look, for instance, what it is going to cost the city to rid itself of the Esquimalt Company's exclusive right to supply Victoria West with water. Surely we do not want to try any more such experiments as that.

Let us have some more light on this question, Mr. Editor.

## ILLEGAL TO CARRY

## LIQUOR ON RESERVE

## Men Warned Against Walking Along Songhees Track With Whisky.

From the warning given by the police magistrate this morning, and from the case set out by the police for the prosecution, it is an infringement of the Indian act to carry intoxicants along the track through the Songhees reserve, and persons caught with liquor on that thoroughfare are liable to a heavy fine.

The accused man was charged under the act with being in possession of a bottle of Scotch whisky on the Indian reserve on Saturday last, and after a lengthy hearing was discharged with a caution. The chief of police during the course of the case told the court there had been many Indians coming to the reserve last week in preparation for the fishing and hop-picking. Four had fallen into the water while intoxicated, and a constable had been placed on duty along the E. & N. track to watch for persons carrying liquor on to the reserve.

The accused was arrested as a result of the action, and appeared in court this morning to answer on a charge of carrying liquor on the reserve. Constable Frank Turner said he had arrested accused Saturday afternoon and discovered a bottle of whisky in his inside coat pocket. He also had some clothing and a parcel of meat. In his defense accused said he had purchased the liquor for his Sunday refreshment and was on his way home to Victoria West. Magistrate Jay discharged accused and told him it was against the law to carry intoxicants along the Indian reserve pathway.

## TRIAL OF BRANDENBURG.

New York, June 25.—The trial of Broughton Brandenburg, author and novelist, accused of second degree larceny in connection with the sale to the New York Times of an article he represented was signed by Grover Cleveland, is drawing to a close to-day.

After George E. Heming had testified that on June 4th he saw an article substantially like the one which appeared in the Times, and he believed it was signed by Cleveland, the defence rested.

Mrs. Grover Cleveland was called to the stand to rebut testimony introduced by the defence to throw doubt upon the signature introduced in court as the one affixed to Brandenburg's article. She said the signature was the same.

Final arguments were begun this afternoon.

A meeting of the St. John's branch of the Women's Auxiliary to Missions will be held in the guild room of St. John's hall on Tuesday, 29th of June, at 8 p.m. All members are requested to attend.

Mayor Hall was at his office this morning for the first time in two weeks, having but just recovered from a severe attack of erysipelas. He will preside at the council meeting this evening.

Excursions among the Thousand Islands of the Gulf by V. & S. railway and steamer Iroquois will commence July 1st. Take a trip and you will be delighted.

A meeting of the L.O.L., 1426, and L.O.L., 1610, will be held on Tuesday evening in the A.O.U.W. hall. All Orangemen are requested to be present, as the programme for the celebration to be held on July 12th will be decided upon.

The regular weekly meeting of the Epworth League of the Metropolitan Methodist church will be held this evening in the league room of the church. The meeting will be in charge of the missionary committee. A lecture on the topic "The Story of an Opium Fiend" will be given.

Owing to the rainy morning but fifteen members of the Natural History Society embarked on Saturday in the little steamer Don for the purpose of paying a visit to Bare Island. The weather was all that could have been wished, and all enjoyed the trip to the utmost. A number of seabirds' nests were found and many flowers gathered, and it was the unanimous expression of opinion that the island was anything but bare of interest, although there were but few trees growing on its rocky summit.

The funeral of the late Ernest Clay took place yesterday afternoon at 2:30 o'clock from the family residence, 1226 North Park street, where Mr. A. Sinfield conducted services. A number of appropriate hymns were sung. There was a large number of sympathizing friends present and many floral offerings were sent. The following acted as pallbearers: G. Green, C. Harworth, H. Ingram, A. Hayward, T. A. Kirkham and T. West.

"SALVATION NELL"

Mary Madison, a Well-known Writer and Domestic Author, Coming Here.

Mary Madison, who will play the important part of "Hallelujah Maggie" with Mrs. Pike in "Salvation Nell" at the Victoria theatre on Friday, is in private life not Miss Madison, the actress, but Charlotte Thompson, the dramatic author and newspaper writer.

Her most recent work is the dramatization of Margaret Deland's novel, "The Awakening of Helena Ritchie," for Margaret Anglin. She also translated from the French, "Cora," Bertha Kalich's play this season. For several years Miss Thompson was prominent in newspaper work in San Francisco.

She had temporarily retired from the stage, and was induced to join Mrs. Pike's company this season only because of the splendid opportunities which the part of Maggie afforded her. New York audiences were in complete ignorance of the fact that in applauding the work of Mary Madison they were in reality applauding Miss Thompson, until a critic, who had been associated with her in San Francisco, recognized her in spite of an especially clever make-up, and revealed the fact in his column.

**PANTAGES THEATRE.**  
Lorimer, Johnstone and Caroline Cooke Come Here After Big London Success.

The Pantages theatre will present a very excellent programme this week. All of the acts on the bill are star features, and some of them the very best in vaudeville. Lorimer, Johnstone and Caroline Cooke are too well known to Victorians to need advance praise, and the fact that they have just returned to America after a most successful season in London's higher class vaudeville theatres is ample assurance that their popularity is not on the wane.

Joseph Le Claire, the great Italian harp soloist, has no peer in his particular class in the world of music, and will be a big factor in the new list of attractions.

Trixida and Robinson, singing and dancing fashionplates, are direct from the greater eastern circuits; Chas. Wallace, the juggling cartoonist, and the regular Pantages house features complete the big show.

**NEW GRAND THEATRE.**  
Good Bill Promised by Manager Jamieson This Week to His Patrons.

Commencing to-day Manager Jamieson has a selected bill of variety acts for patrons of the New Grand theatre that will be hard to beat.

Mac M. Barnes and Louise Reming company will put on with a full stage scene a screaming tabloid farce called "Mrs. Potter's First," in which poor Potter has the beauties of his predecessor constantly before him to his great distress and the huge delight of the audience.

Frank Rae and Gussie Brosche are the performers in the second full stage comedy act called "Too Much Woman," seen in one act and guaranteed to run close to the first place in popular applause. Over this circuit it has been the comedy success of the season. Eva Mudge, the military maid, has a reputation for quick changes. Mlle. Loretta and the famous white setter dog "Ben," prize winner in the last season's Paris bench show, are sure to draw in the nine poses of representations of famous paintings. Jere Sandford, the whistling virtuoso and yodel songster, appears here for the first time. "Some Day" is the title of the illustrated song by the favorite singer, Thomas J. Price. The orchestra under Herr Nage's direction will play "The Charleston March," by Sousa, and new moving pictures are to be shown.

The police court has always been bad enough to hear in, but while the iterations are being made to the city hall it is almost impossible to hear the charges read or the evidence given. Frequently the magistrate or a party interested has to ask for the witness statement to be repeated, and this morning the climax was reached when a deafening noise was continued through the early part of the court proceedings. During a lull the clerk read a charge, but was interrupted by a carpenter who chose that time to drive a few nails on the Pandora street side window frames. Magistrate Jay metaphorically threw up his hands in horror, and a constable was sent out to order the work to cease until the court had adjourned.

## WESTMINSTERS WIN VICTORY

### FIRST MATCH GOES TO PACIFIC COAST

### Tecumsehs of Toronto Have Little Chance of Cup.

On Saturday afternoon in New Westminster the first of the two matches to be played by the Tecumsehs of Toronto against the New Westminster lacrosse team for the championship and the Minto cup the visitors were defeated, the score being 6 to 4. The next match will be played to-morrow, when it is predicted a similar story will be told.

The game itself, for two quarters at least, was perhaps the fastest that has ever been played in the west. Until the time that the Tecumsehs appeared to weaken in the third quarter, the teams were on even terms, and neither one had anything on the other. But, the terrific pace of the two preceding quarters began to have its effects on the Tecumsehs' defence, and they were forced back on the defensive, while New Westminster continually bored in and in the third quarter ran in four goals, which gave them a substantial lead, and although the Tecumsehs scored one in the third and another two minutes before the match ended, the Royals had all the best of the argument, and it was only the magnificent work of the Tecumsehs' defence that kept the score down. The Tecumsehs have a grand defence. It is without a doubt the best that has been seen in these parts, and one which will give any home in the business a busy afternoon. In the third and fourth quarters it was all Westminster. The champions were on the aggressive, and with the whole defence held going down on the Tec-

cumseh defence, Querre's braves were called upon to extend themselves, and they certainly were equal to the occasion. The fact that the champions could not score in the final quarter shows just how well the Tecumsehs played.

It was a very clean exhibition rough play being conspicuous by its absence. Only three men, two Tecumsehs and one Westminster man, were sent to the fence, and these for only minor offences.

George Rennie was the most conspicuous man on the field. He was always moving and every time he went after the ball he succeeded in securing it. Brother Tom also starred. He was down on the home the best part of the time and had several shots on the goal, one of which found its way by Kinsman. Tommy Gifford played in his usual steady form, while Jimmy Gifford and Galbraith also showed up in oldtime form. Centre is not Doughy Spring's regular position, but he played a great game in that position and it looks as if he will be held there permanently. Westminster was not in the best of condition, but while he was on the field he kept his check busy. Grumpy Spring and Dad Turnbull were the best men on the home, particularly the former, who, playing his first cup match, took all sorts of chances, although he was not handled any too gently by his husky opponents. Dad Turnbull was the general on that home yesterday and while Pickering held the veteran down well the old fellow's work was very effective and he made many openings that resulted in the champions scoring.

In Kinsman the Tecumsehs have a far better man than Bun Clark and his work stamps him as one of the best that has ever been seen in the flag of any eastern combination. He has a great eye, and picked out some difficult shots. If Bun Clark had been in the Tecumseh nets Saturday it's a safe bet that the score would have been much larger. Griffiths and Graydon are two heady defence men, who know how to play their positions and with Pickering, Jones and Rowntree in the field the Tecumsehs have a swell defence. Querre has every reason to be sweet on that. Lench, Felker only lasted three quarters. He is suffering from a bad cold and although he worked like a Trojan, Spring had him beaten. On the home Gilbert, Adamson and Querre were the pick.

The same officials will act in Tuesday's game. Prior to the commencement of the match the officials of both clubs had some dispute as to who would referee, and who would be judge of play. O'Connell refused to act unless he was referee and as Lionel Yorke had received instructions to referee he declined to step down in favor of O'Connell. At the last minute it was agreed that both should referee. Had a dispute cropped up it is rather difficult to determine to whom the teams could appeal as both officials were referees.

The American-Hawaiian steamer Mission is the first merchant vessel on the coast to be equipped with a submarine fog signal system. This plant was installed at Salina Cruz on her last trip up the coast. The other vessels of the American-Hawaiian fleet will be similarly equipped. There are three light vessels on the coast equipped with this system, but no other merchantmen.

## SLOW TIME ON HEAVY TRACK

### PHILISTINA WINS EMPRESS HANDICAP

### Westminster Handicap Won Comfortably by Napa Nick.

The Empress handicap and purse of \$500, the feature event of the Saturday card at the Willows, was won on a slow and heavy track by J. Green's Philistina. The distance was six furlongs and the time made 1:17 3-5, as against the record of 1:15 4-5. The Friday night rain made the track very heavy, but the morning wind dried the surface, so that the going was not muddy. All races on the card were run in slow time. The Empress handicap, with eight starters, included two added ones, in Galene Gale and Albion H. The overnight rain brought about the biggest list of scratchings in any one race yet at the Willows. Of seven acceptances for the Empress purse five were scratched Saturday morning. The final post horses were Belle of Iroquois, Aristotele, Philistina, Roalta, Fantastic, French Cook and the two added ones, Galene Gale and Albion H. Philistina took the rail position at the post and never left it. Albion H. picked up second position after one furlong and held it with Belle of Iroquois next. The three raced the six furlongs without alteration. Roalta was fourth. Philistina was a six to one bet.

Of the winners and place horses Saturday, of which there were as usual eighteen, there were fifteen of the number in the one, two, three order on the programme, showing the great advantage to a horse running on a muddy track to get the rail position at the start, especially in the short distances. The first race, Saracinesca, Sainesaw and Livius were one, two, three on the programme, and won the seven furlong race in that order.

Shirley Rosmore, number one on the programme for the second race, was beaten out of her position, and two, three and four, Laura Clay, Burleigh and El Paso, took the prizes in that order.

The inside position undoubtedly gave Napa Nick the win in the third, the Westminster handicap. The start of this race was delayed, and Kelly was fined two days by Starter Weber for causing the delay. He will not ride again till Wednesday. Vosper was thrown out of the saddle by Regina Arvi, but not hurt, and Binocular and Lewiston got the places.

The Empress handicap was won the same way, Philistina getting the position in the post draw. Albion H., which ran the second to Monvina opening day, again ran second Saturday. It does not seem to matter what the distance is, Albion H. can always race the winner to within a nose of the finish. Saturday, however, there were several lengths between first and second. Belle of Iroquois ran a good third.

Barney Oldfield beat out the favorite, Johnstown, in the mile and an eighth by a head, and rewarded a crowd of better. E. T. Fryer carried a heap of money and was backed down from ten to four. Brooks, however, couldn't make the horse run the turns any better than the other jockeys have, and Fryer's backers had to be content with last. Monvina was third to Johnstown. Gargantua was a heavily backed winner in the last race, and under the hand of Brooks won a pretty race when three lengths to the bag rounding the last turn. Millong and Emma G. raced the distance nose and nose. The latter had to give place, however, to Gargantua, which in the finish beat Millong also.

Richard Dwyer, the starter, will be here to-day and will take charge of the barrier. It will be interesting to see if he can start with the same success as Joe Weber has for the meeting to date.

The saddle will probably be in the saddle to-morrow, as the dispute regarding him is said to have been settled by Mr. Dundas since the latter's arrival last week. He will be a valuable addition to the ranks of the riding colony.

### SYNOPSIS OF CANADIAN NORTH-WEST LAND REGULATIONS.

Any person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section (160 acres, more or less) of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Land Agency or Sub-Agency for the district. Entry by proxy may be made at any agency, on certain conditions, by father, mother, son, daughter, brother or sister of intending homesteader.

**DUTIES.**—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$2.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$500.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may take a purchased homestead in certain districts. Price \$10.00 per acre. Purchased homesteads may be acquired on any available lands on either odd or even numbered sections south of Township 48, east of the Calgary and Edmonton Railway and the west line of Range 28, and west of the third Meridian and the South Railway line. Duties.—Must reside six months in each of three years, cultivate fifty acres and erect a house worth \$500.

### SYNOPSIS OF CANADIAN NORTH-WEST MINING REGULATIONS.

**COAL.**—Coal mining rights may be leased for twenty-one years at an annual rental of \$1.00 an acre. Not more than 500 acres can be leased to one applicant. Royalty, five cents per ton.

**QUARTZ.**—A person eighteen years of age and over having made a discovery may locate a claim 1,500 feet by 1,500 feet. Fee, \$5.00. At least \$100 must be expended on the claim each year, or paid to the Mining Recorder. When \$500 has been expended or paid and other requirements complied with the claim may be purchased at \$1.00 an acre.

**PLACER MINING CLAIMS** generally, 100 feet square. Entry fee, \$5.00.

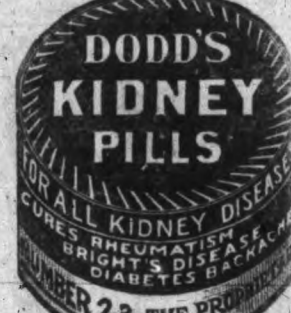

**DREDGING.**—Two leases of five miles each of a river may be issued to one applicant for a term of 20 years. Rental, \$10 a mile per annum. Royalty, 25 per cent. after the output exceeds \$10,000.

### BROKEN-DOWN SYSTEM.

This is a condition (or disease) to which doctors give many names, but which few of them really understand. It is simply weakness—a broken-down system, as it were, of the vital forces that sustain the system. No matter what may be its cause (for they are almost numberless), its symptoms are much the same: the more prominent being sleeplessness, sense of prostration or weariness, depression of spirits and want of energy for all the ordinary affairs of life. Now, what alone is absolutely essential in all such cases is increased vitality—vigor.

### VITAL STRENGTH & ENERGY

is the result of these most fragrant and expensive proves that a night's rest the day this may be more certainly secured by a course of the celebrated life-regiving tonic.

### THERAPION No. 3

is a new and unique combination, so pure and so it is taken in accordance with the printed directions accompanying it, will the shattered health be restored.

### THE EXPIRING LAMP OF LIFE

LIGHTED UP AFRESH, is a new existence imparted in place of what had so lately seemed worn-out, "used up," and valueless. This wonderful restorative is purely vegetable and innocuous, is agreeable to the taste, suitable for all constitutions and conditions, is either sex; and it is difficult to imagine a case of disease or derangement, whose main features are loss of vitality, that will not be speedily and permanently benefited by this new-fangled restorative essence, which is destined to cast aside everything that had preceded it for this wide-spread and successful class of human ailments.

### THERAPION

is sold by Chemists throughout the world. Price in England, 10s and 4s. Purchasers should see that the word "THERAPION" appears on British Government Stamp (in white letters on a red ground) affixed to every package by order of His Majesty's Hon. Commissioners, and which is a safeguard.

## OCEANO COMING FROM HONGKONG

### MOVEMENT OF VESSELS FOR ANDREW WEIR

O. Bair, of Seattle, Here to Meet Steamer Tymeric.

The first Andrew Weir through steamer, coming direct to Victoria and Vancouver before proceeding to Puget Sound with C. P. R. freight, is leaving Hongkong to-day. She has on board 10,000 bales of hemp from Manila as well as a quantity of general cargo. This steamer is the Oceano, which has been recently taken from the New York to China route, and is taking the place of the Inver.

The Andrew Weir company have besides the Oceano five vessels, either due in Victoria or in the near neighborhood. The Tymeric is the Oceano, which has been recently taken from the New York to China route, and is taking the place of the Inver.

The Kataoka is also about due here from Guaymas. She will proceed to Union Bay for bunkers, and then load at Gray's harbor for Puget Sound. This vessel is under charter to Henry Land & Co., and will carry lumber for the canal construction work.

Ship Elisand is due from Santa Rosalia to wait orders in the Royal Roads. She was chartered to load lumber at Vancouver, but her place was taken by the barque Springbank.

Steamer Aymerie, which is at Seattle, moves to Vancouver on the 30th, and will pass out via Victoria to the Orient.

The steamer Suvaco is due from the Orient. This vessel has a large cargo consisting largely of tea, which must be delivered in the United States before the end of the month. This will make it necessary for her to go direct to Tacoma. The Suvaco has besides her tea a quantity of hemp, silk, matting and curios, 7,000 tons in all, 1,000 tons being for British Columbia ports.

## PRINCESS MAY MAKES FAST RUN

### FIRST CANNED SALMON ARRIVES FROM NORTH

Queen City Met Tees and Princess Ena at Rivers Inlet.

Steamer Queen City arrived from the north this morning bringing a small trial shipment of this year's salmon from Quathlaqua cove. This is the first salmon packed this year in B. C. waters. Most of the spring salmon are being dry salted, but these were canned in the ordinary way.

While in the north the Queen City met the Tees which had been from the West Coast of Vancouver Island to Rivers Inlet with a number of Indians for the cannery. The Princess Ena also left her quota of Indians at the Inlet the day before the Queen City arrived, and then proceeded to the west coast for a cargo of salmon and canvas from the Cheukeseit cannery.

The Queen City leaves for the north to-morrow night.

CAPTAINS EXONERATED.

Masters of Vessels Concerned in Sea Lion Sinking Not to Blame.

After considering the evidence at the hearing held June 14th over the collision between the schooner Oceania Vance and tug Sea Lion, United States Inspectors Whitney and Turner announced that they had found no one to blame for the accident. Letters stating that they had been exonerated were sent to Capt. L. B. Lovejoy, who was in command of the Sea Lion, and Capt. Fred G. Scott, master of the Oceania Vance. This decision was expected by shipping men, as it was the general opinion that the mishap was unavoidable.

## PRINCESS MAY MAKES FAST RUN

### NEW PROPELLOR RESPONSIBLE FOR SPEED

J. K. Rebbek Designs New Screw That is Very Satisfactory to Company.

Steamer Princess Royal returned from Skagway, Prince Rupert and way ports this morning after making a very fast run south. The steamer recently had a new propeller installed. The piece of machinery was designed by J. K. Rebbek of this city and has proved very satisfactory. The speed of the vessel has been improved considerably thereby, and that combined with the fact that the vessel has been recently cleaned enabled her to make a record trip south.

The Princess Royal crew thought their steamer had done something pretty good when the vessel arrived at Vancouver at 10:30 Sunday night after leaving Prince Rupert at 7 a. m. Saturday. The May, however, left three quarters of an hour later and arrived at Vancouver at 9:15, even though she made one call more than the other vessel and had to face a strong south-east wind. The members of the crew are not saying much about their achievement but when spoken to their faces beamed and they at once became enthusiastic.

The May brought south two lunatics from Skagway. One of these was an Indian woman and the other a Frenchman. They were both in charge of guardians who will place them in an institution for the insane.

About 120 passengers made the trip south, among them being W. J. Sutton, formerly geologist to the Wellington Colliery.

Tug Beatrice took a large quantity of supplies to Sooke to-day for the Jordan River Lumber Co.

Steamer Leebro is loading supplies for the lighthouses on the West Coast.

## SUMMER SCHEDULE OF STEAMER IROQUOIS

Little Vessel Will Start on Popular Routes July 1st.

Capt. Sears reports that on July 1st the steamer Iroquois will be placed on her summer schedule among the islands of the Gulf. This schedule includes a trip on Sundays among these beautiful islands returning the same day and a similar trip on Wednesdays and Saturdays. On Mondays and Thursdays the Iroquois goes to Nanaimo through these islands returning next day by an entirely different route, giving excursionists two days of exquisite scenery. This schedule has been a popular one for years and holiday seekers will be glad to know it is to be continued.

WIRELESS ON CHARLOTTE.

New Apparatus is Aboard Vessel and Should Be in Operation To-day.

Princess Charlotte now has the wireless apparatus aboard, and it is expected to be in operation at any time. The new installation is a two-kilowatt power, and should be able to communicate a long distance. The deckhouse is almost ready for the Princess Royal, and these vessels are installed it is expected that they will be able to communicate almost anywhere by means of relays.

DREDGE SUPERINTENDENT.

H. A. Bayfield Appointed to New Post Under Public Works Department.

H. A. Bayfield has been appointed superintendent of dredges in British Columbia, a new federal post, necessitated by the number of dredges and work to be done in the near future. Mr. Bayfield is peculiarly well suited for this position. He graduated in mechanical engineering from McGill University in 1896, and began his career in railway work with the Intercolonial and Great Northern railways. He was superintendent of shops on the Great Northern, and after that was for three years mechanical superintendent of the Montreal harbor works before coming west. On his arrival in Vancouver he was for two years mechanical superintendent with the B. C. General Contract Company, and for the last five years he has been in private practice as a member of the firm of Bayfield & Archibald. He is a grandson of Admiral Bayfield, of the British navy, and a son of Mr. Edward Bayfield, K.C., of Prince Edward Island.

CAUSE EXPLOSION.

Iron Bar Struck Spark, Which Ignited Carbide.

The marine department in this city has been notified of particulars in regard to the ignition of the carbide on the gas buoy at Skidegate. The buoy was being cleaned and an iron bar was being used to break out the hardened carbide. It is supposed that a spark was struck by the bar, which ignited the carbide and caused the serious consequences which were before reported. No word has been received from Prince Rupert as to the condition of Mr. Halkett. The last message indicated that he could not reach his sight and that he was very low. The steamer Newington has returned to Skidegate from Prince Rupert.

TWENTY-FOUR OWNERS HAVE WON OVER \$400

St. James Stable is First to Pass the \$1,000 Mark.

For the first nineteen days of the race meeting at the Oak Bay track the Country Club has distributed among the owners a grand total of \$24,906. Ninety-three owners have shared in this shower of gold, and the distribution on the whole has been pretty well equalized.

The distribution for the first three weeks of the meeting, although not approaching the amounts distributed among the horsemen at the larger racing centers, is very creditable.

The St. James stable continues to head the list of winning owners, but only by a slight margin. The winning of a race or two by the other contestants will work a material change in the list. Twenty-four owners have earned \$400 or over thus far in the meeting. Following is the list:

BROOKS STILL LEADS

THE WILLOWS JOCKEYS

Lycurgus, With Five Wins, Lumped From Sixth to Third.

Jockey Reed Brooks rode only four winners during the past week, but he still maintains his lead in the list of winning riders at the Willows track by a comfortable margin. W. Kelly continues to occupy second place, with a total of thirteen winning mounts to his credit, but he is being hard pressed by Lycurgus, who is credited with eleven winning mounts. Lycurgus rode five winners during the week, and has jumped from sixth to third position in the list. J. King rode two winners during the week, and is now in fourth position. The most notable work of the week was that of Jockey Vosper, who piloted five winners, three seconds and one third. The clever work of this lightweight takes him from an obscure position in the list and places him in sixth place. Vosper's work last week was very commendable, and with a fair amount of luck he should continue to improve. By reason of his having few mounts during the week McIntyre has fallen back to fifth position.

Thirty-nine boys have ridden during the first nineteen days of the meeting, and of these eleven have failed to land a winner.

Following is the list of winning riders:

Jockey	1st	2nd	3rd
Brooks	17	12	7
W. Kelly	13	17	10
Lycurgus	11	4	2
J. King	10	8	7
W. McIntyre	7	5	6
Vosper	5	3	1
Anderson	6	4	6
D. Riley	4	2	3
W. Powers	3	2	4
Aberc	5	4	5
McEwen	4	3	8
Matthews	3	3	1
Keogh	2	3	2
J. B. Smith	2	1	3
Hulbert	2	1	4
C. Wright	2	1	4
Selden	3	3	1
Leeds	2	2	2
Shale	2	2	2
F. Kelly	2	2	1

The following have each ridden one winner: McLaughlin, Hobart, McBride, E. Williams, I. Powell, Hardwick, Callahan and Quay. Those who have not scored a winner are: Gauglet, Whitelides, McCarthy, Johnson, Coles, Gargan, Carroll, Hoppe, Lester, Roberts and Kederis.

### THE BOHEMIAN MAGAZINE.

An attractive array of illustrated special articles and short stories may be found in the July Bohemian Magazine. "The Comic Journals of Europe," by Lenore Van der Veer, is an interesting study of English, French, German, Spanish and Italian humor, as exemplified by the "funny papers" of those countries. Reproductions of representative jokes supplement the text. George Joan Nathan's regular theatrical article treats amusingly of vaudeville, and "The Science of the Dip," by John S. Lopez, tells of pickpockets and their acquisitive methods. Another of the popular series of college articles is written around "Princeton Professors." Eight meritorious tales of love, adventure, and humor, together with the departments of Eric-a-Brace, Verse and Books of the Day, go to make up an exceptionally strong appeal to the

## JOHN DREW IS TO PLAY HERE TO-NIGHT

Famous Actor Will Appear in  
"Jack Straw" at Victoria Theatre.

John Drew will be the attraction at the Victoria theatre this evening. Mr. Drew's bill will be "Jack Straw," the comedy by W. Somerset Maugham, in which he played a four months' engagement at the Empire theatre, New York—one of the most successful engagements he has ever played at that house.

"Jack Straw" is the first of Mr. Maugham's plays that was produced in this country. It was followed by "Lady Frederick," with Miss Ethel Barrymore in the title role, and these two pieces have stamped the author as one of the cleverest writers of light comedy now living. "Jack Straw" is a charming trifle, full of the most amusing situations and told in the clearest and wildest dialogue imaginable. There is a vein of satire, too, that gives it strength and purpose, and shows Mr. Maugham as a keen but kindly observer of human nature.

The central figure in the play is an eccentric prince who is discovered in the first act masquerading as a waiter in a swaggy London hotel. To assist his friends—who, by the way, have no idea he is a prince—play a joke on a snobbish lady, he agrees to impersonate a nobleman and assumes the name and title of the Archduke Sebastian of Pomerania. As such he is introduced to the stobbish lady and promptly falls in love with her pretty daughter. As a result, when the time comes for the prince and himself to be exposed as such, anyone, for the prince makes known his real identity and proves his right to the royal title he has been bearing. As may be imagined, the role of the prince is just the kind that suits Mr. Drew, and it is said, he has never appeared to better advantage. He has an excellent company, too, including Miss Rose Coghlan as the snobbish lady; Miss Mary Boland as her pretty daughter; Miss Adelaide Prince, Miss Grace Henderson, Edgar L. Davenport, Frank Goldsmith, Mario Majerant, Edwin Nicander, and E. Soldene Powell.

### COLWOOD GARDEN PARTY.

Delightful Gathering Will Be Held on Dominion Day.

The garden party at "Glen Lea," Colwood, the residence of George Heatherbell, on Dominion Day, promises to be a delightful affair. Miss Margaret Evans, a graduate of Delacorte School of Oratory, will recite. Musical selections will be rendered, and the children are looking forward to the lagoon sports. The country is now at its prettiest and those who go to "Glen Lea" by road will have a beautiful drive. A charming view of Hatley park and castle is had from Mr. Heatherbell's grounds. Boats will be in readiness for those who wish to go crab-spraying, etc., in the lagoon. A great many people from Colwood, Metchoon, etc., and from Victoria, have signified their intentions of being present during the afternoon to enjoy the hospitality of the King's Daughters of the district.

### POLLARD ADULTS.

Well Known Performers Will Be at Victoria Theatre This Week.

At the Victoria theatre on Tuesday and Wednesday, the Pollard Adult company will present for the first time here Sydney Jones' merry musical farce "Widow O'Brien." The Pollards will do justice to the play, as they are the old favorites so well known from the ranks of the Pollard's Lilliputian Opera company. Miss Eva Moore is an actress of great ability, being naturally musical and her grace and rare dignity make her a strong favorite wherever she has played.

The company's appearance in this city will be most cordially welcomed. It is promised that the Pollard Adult company will be found in keeping with the most exacting demands, and that the Pollards will more than duplicate the splendid record already enjoyed by them among local theatregoers.

## SCHOOL CLOSING AT WILLIAM HEAD

Prizes Presented to Pupils for Work During the Term.

The closing exercises of the William Head school were held on Friday evening in the schoolroom, which was very artistically decorated for the occasion with quantities of roses, marguerites and poppies.

There was a large gathering of the parents and friends of the children at the quarantine station, and a most enjoyable musical and literary programme rendered. The musical part, which was under the direction of Mrs. Watt, consisted of a cycle of Stevenson's songs, set to very beautiful and appropriate music. Recitations were given by Margaret and Annie Tumilty and Walter Riley. Robin Watt read "The Famine," from Hiawatha, in a very sympathetic voice and with composed manner. A chorus, "Foreign Children," by the school, their solo parts taken by Robin Watt, was received with much applause. A rather unique feature of the programme was the reading aloud of a number of compositions by the teacher, which had been written without assistance, by the different pupils. The names of the writers were not divulged until the compositions had been voted on by ballot. The one accounted best was then announced to be the work of Arthur Riley, who had conceived the rather original idea of taking for his subject, "A Dream." He dreamt that he was about to celebrate Guy Fawkes night, when that individual appeared to him, denouncing him for "making a fool of him." Robert Watt's description of a trip to Sidney was considered by all a close second. To Arthur Riley was awarded by Dr. and Mrs. Watt a copy of "The Violets of Wakefield."

Each of the smaller children received a book donated by Captain and Mrs. Riley, and likewise one from the men employed at the quarantine station.

Miss Eva Tumilty, one of the older pupils, for highest aggregate marks on a grouping of subjects, was presented with a beautifully bound and illustrated copy of Longfellow's poems, the gift of Captain and Mrs. Riley. Arthur Riley was a tie in this contest, but resigned all claims in favor of the young lady.

Dr. and Mrs. Watt had offered a prize for the best progress made during the term in all subjects. This prize, a very richly bound copy of Handy Andy with illustrations depicting some of the most comical scenes, was won by Arthur Riley. Robin Watt carried off the prize for the best drawing during the term, an extensive work on the care and rearing of rabbits. Stanley Phillips, for best aggregate marks on spelling throughout the term, was given a comprehensive and fully illustrated book on camping and canoeing. All three prizes for progress during the term were the gifts of Dr. and Mrs. Watt.

The teacher, Miss Agnes Evans, was presented by Miss Eva Tumilty, on behalf of the pupils, with a very beautiful six-volume complete set of Shakespeare's plays, richly bound in red calf, and containing a great many of the most modern and up-to-date illustrations. In connection with this presentation, an address was read to Miss Evans by Robin Watt, referring to the most complimentary terms to the work accomplished by her during the five months she has been their teacher.

### PIANO RECITAL.

Mrs. Boulton's Pupils Give Creditable Programme in Watt's Hall.

The piano recital given by Mrs. Boulton, A. R. C. M., and her pupils, in Watt's hall on Saturday afternoon, was a largely attended and most enjoyable affair. The pupils seemed to have all caught their teacher's bright spirit, and the different numbers of the lengthy programme were rendered with a lightness and evenness of touch which was very pleasing.

The first two selections, given by two little girls, Victoria Wyld and Florence Millet, were marvels of what six weeks' careful training will do for quite young children. Both the little girls moved with great self-possession, and in perfect time, but what was more surprising, with expression.

Conspicuous among the girls were two young men, Cuthbert Allen and Fred Stiemler, both of whom played remarkably well. Schubert's "Serenade" by Cuthbert Allen, was given with great sympathy and feeling, while Chopin's "Polonaise" and "Fantasie Impromptu," played by Fred Stiemler, from memory, were very much enjoyed. Should these young men continue their musical studies one may safely predict great things for them.

The programme was as follows: Duet, "Good Humor," (Lowe), Victoria Wyld and Mrs. Boulton; solo, "Morning Salute," (Gurilt), Florence Millet; trio, "The Secret," (Gurilt), May Moir, Lena Miller and Mildred MacEachern; solo, "Brook in the Forest," (Wenzel), Emma Nott; solo, "Curious Story," (Heller), Mildred MacEachern; two pianos, "Second Value," (Godard), May Moir and Jennie McKay; solo, "Minuet," (Beethoven), Ballade, (Burgmuller), Lena Miller; solo, "On the Willows," (Gobbaud), Jennie McKay; two pianos, overture to "Post and Peasant," (Suppe), Freda Watt, Sibly Allen, Ethel Johns and Beth Beattie; solo, "Serenade," (Schubert), Cuthbert Allen; two pianos, "Rondo," (Gurilt), Freda Watt and Mrs. Boulton; solo, "Jy Pense," (Meyer Helmholtz), Beth Beattie; solo, "Polonaise," "Fantasie Impromptu," (Chopin), Fred Stiemler; two pianos, March from "Athalie," (Mendelssohn), May Moir, Freda Watt, Cuthbert Allen and Mrs. Boulton; two pianos, "Rondo Brillante," (Mendelssohn), Fred Stiemler and Mrs. Boulton.

On Monday the 28th the meeting of the Emmanuel Baptist young people will take the form of a social. The Y. P. U. of the first church has been invited to spend the evening with the Emmanuel Society and are to provide the entertainment for the evening. All are welcome.

## Robin Hood Flour, Canada's Newest Greatest Flour, Continues to Grow in the User's Favor

"ROBIN HOOD FLOUR" started out well. It made an immediate impression by its "goodness," by the amount of bread it makes in comparison with other flours, and by the sweet, mealy flavor of the loaves made from it.

When you are using add more water than with the flours you formerly bought. Then note the result. You get more bread, of more nutritious quality.

We are sending our staff of "Robin Hood" girls to every home in Victoria to let you know something about this wonderful, satisfying flour, to tell you why it has been so sensationally successful, and to get your order for a trial bag. Be sure and give them an order. It will prove its value. And Robin Hood Flour is sold under a positive guarantee. Your money back if not satisfied after two fair trials.

Every woman in Victoria ought to be using ROBIN HOOD FLOUR now. If you haven't tried it start now. Order a bag the next time you buy flour. You will certainly be delighted with it. And remember that "this DIFFERENT flour" is always guaranteed.

DROPS DEAD IN  
STREET AT VANCOUVER

J. W. Hand, Well Known Real  
Estate Broker, Dies  
Suddenly.

Vancouver, June 28.—While walking  
down Fourth avenue west Saturday  
afternoon, J. W. Hand, a local real  
estate dealer, suddenly dropped dead  
on the sidewalk. The only person who  
noticed his collapse was a teamster  
named W. Sims, who immediately sum-  
moned aid. Dr. Graham was called and  
examined the body, finding life ex-  
tinct, however, although the corpse  
was still warm. He pronounced death  
was due to internal complications.

The sad occurrence happened at 4.45  
o'clock in front of the 2400 Block on  
Fourth avenue west. It is presumed  
that the deceased was returning home  
from his office for the evening.

The late Mr. Hand leaves a wife and  
four children, living at 1415 Seventh  
avenue west. He was a well-known  
business man in the city, having re-  
sided here for some years. His office  
is at 511 Higher street.

WOMAN'S NEEDLESS  
SUFFERING

FULL OF ACHES, FRIGHTFUL  
BACK PAINS, PALE AND  
NERVOUS.

With the Use of Dr. Hamilton's Pills,  
a Wife and Mother Saved  
From Death.

A few years ago, doctors considered  
that only back pains and bladder dis-  
orders were traceable to the kidneys—  
but to-day science proves that many  
of the most fatal and dreaded diseases  
have their source in irregular kidney  
action.

Such was the case with Mrs. Anna  
A. Rodriguez, a well known resident of  
Valencia—read her experience: "For a  
long time I suffered with failing  
strength and nagging headaches. My  
condition grew steadily worse, my limbs  
became bloated and shaky. I was pale  
and thin, felt rheumatic pains, dis-  
tension and chills. I unfortunately  
didn't suspect my kidneys and was  
nearly dead when I discovered the true  
cause of my sufferings. I read so  
much about the wonderful health and  
strength that comes to all who use Dr.  
Hamilton's Pills that I felt sure they  
would help me. Such blessings of  
health and comfort I can't describe. They  
speedily put me right and their steady  
use keeps me active, energetic, strong  
and happy. I strongly urge others to  
regulate and tone their system with  
Dr. Hamilton's Pills of Mandrake and  
Butternut."

For perfect health use Dr. Hamil-  
ton's Pills frequently—avoid all food  
which seems to distress and take as  
much exercise as possible.

No greater medicine exists than Dr.  
Hamilton's Pills for the cure of indiges-  
tion, constipation, flatulencies, liver,  
bladder and kidney trouble. Refuse  
substitutes for Dr. Hamilton's Pills, 25c.  
per box, or five boxes for \$1.00 at all  
dealers, or The Catarthozone Company,  
Kingston, Ont.

JEALOUSY LEADS TO MURDER.

Man in Jail on Charge of Having  
Stabbed Brother to Death.

Binghamton, N. Y., June 28.—Crazed  
by jealousy and maddened by a vicious  
combination of hard cider and alcohol,  
which he is said to have been drinking  
all day, George White, of North Phar-  
malia, Chenango county, is alleged to  
have murdered his brother, Walter,  
aged 27 years.

The fatal wound was inflicted fol-  
lowing a general family row in White's  
home on Thursday night. Walter, after  
he was stabbed, ran screaming from  
the house and started for his father's  
house. He was found still alive beside  
the highway, 20 rods away, at dawn  
on Friday morning. In spite of all the  
doctors could do, White died following  
an operation at noon. Later in the  
afternoon George White was arrested  
and brought to Norwich, where he is  
now confined in the county jail. Dr.  
J. Mott Crumbe obtained a complete  
anti-mortem statement from the man,  
which will be turned over to the dis-  
trict attorney.

It is said that George White had  
been insanely jealous of Walter for  
some weeks' past, and that he has  
accused him of being unduly intimate  
with his wife. The neighbors say  
there were no grounds whatever for  
George White's suspicions.

Display of Flowers at  
Fair.

The Victoria Horticultural Society,  
an organization that has done so much  
for the cultivation of floriculture in  
Victoria, will hold its annual rose show  
to-morrow. The display will be made  
in the Assembly rink, and should be  
largely attended. This season members  
of the association have been able to  
produce some magnificent specimens of  
roses so that the exhibit should be a  
grand one.

Entries will be received at the show  
to-morrow morning. Exhibits should  
be shown in vases except where other-  
wise specified. These vases must be  
furnished by the exhibitor.

## HYLAND WINS IN FORTY-FIRST ROUND

Cross Floored Fifteen Times During Fight at San Francisco.

San Francisco, Cal., June 25.—Fighting Dick Hyland knocked out Leach Cross, of New York, in the forty-first round of a scheduled forty-five round battle at the Colma arena Saturday afternoon. The fight was one of the most sensational of modern pug history, and was characterized by the wonderful gameness and recuperative powers of the New York pugilist.

He was floored fully fifteen times during the contest, and after the twenty-fifth round fought practically on the defensive only.

This was Cross' initial battle on California soil. For the first ten rounds he was the some of gameness; he chewed gum constantly and ever and anon indulged in witty repartee with seconds and spectators. His great cleverness gave him the advantage of the earlier rounds, and it looked for a time as if he would outpoint and outbox his opponent and pave the way to victory.

In the twelfth, Hyland, catching Cross off his guard, shot a wicked right to the jaw, and the Easterner took the count of three. From the twelfth to the twenty-fifth the tide of battle ebbed

and flowed. In the twenty-sixth Cross was sent to the floor, where he remained for the count of nine. In so far as Cross was concerned, this marked the beginning of the end.

Round after round the gong saved Cross, after he had been terribly punished, and during which he displayed great gameness that was literally superhuman.

In the fortieth round Cross took the count of nine on three separate occasions, the gong saving him from sure defeat. Hyland, although weakened considerably from the extraordinary efforts on his part, finally, to put in a last punch, sent Cross through the ropes and into the laps of the newspaper men in the forty-first and final round. Cross was pushed back into the ring only to be sent to the carpet once more for the count of nine. Hyland by this time realized that Cross' jaw was impervious to punishment. He changed his tactics and quickly bringing his right back he shot it out with all the remaining strength at his command. The blow landed in the pit of Cross' stomach and the latter crumbled up like a leaf. There he lay, unconscious, for the count of nine.

## SCATTERS GOLD ON STREETS.

San Francisco, Cal., June 23.—After scattering \$315 in gold around the streets of San Francisco Saturday night, P. E. Travers, of Manila, steward on the transport Crook, sought aid of the police to-day.

Travers told the desk sergeant at headquarters that he remembered having laid a \$2 gold piece on each fire hydrant that he passed, and also had

some recollection of hurling \$20 gold pieces up side streets.

"It's hard luck," he said to-day, "but will you believe it. I can't remember the name of one of those streets, although I spent most of yesterday looking for them."

The steward was "flat broke" when he made his request to the authorities.
